Work smarter with the CoilJet®-200E from SpeedClean®

Portable and powerful for bigger jobs. The CoilJet-200E offers more pressure, continuous water supply and 110V convenience when compared to the fully portable and rechargeable CJ-125 model. It's perfect for rooftop units, evaporators, condenser coils, and refrigeration coils. The CoilJet delivers a powerful spray of water and cleaning chemical from the included tanks to wash even the dirtiest coils, without damaging sensitive fins. And the small portable size lets you clean coils from the front or back of the coil – a proven method for increasing coil cleaning and system efficiency. CoilJet makes cleaning coils quick and easy. Now that's smart.

Fine or wide spray

Easy cleaning in any situation

Now with continuous water supply option

*Shown with optional spray wand.

- Portable and continuous water supply. Clean coils in hard to reach areas such as rooftop units, evaporators, condenser coils, and refrigeration coils.
- Powerful 220 PSI spray cleans debris and grime without damaging fins.
- Optional spray wand with 90° nozzle lets you clean from the inside out. Forces dirt and debris back in the direction it entered.
- 110V powerful convenience lasts all day long.
- Includes: CoilJet System, 2 standard spray nozzles, spray gun with quick disconnect. 15' power cord, and shoulder strap.

SPEEDCLEAN®
